

Vegetables 2006

by Grant Matheke, Pat Holloway, Jan Hanscom, and Etta Gardiner

The vegetable trials are an evaluation of new and standard cultivars from commercial seed companies. We also display the All American Selection winners including the most recent selections that will be available in 2006. Look for the special AAS labels in the garden. Three trials for 2005 include Kozy Coats[®] and Wall of Water[®] with 'Prairie Fire' Tomato, flower development on daylength sensitive squash and effects of several green mulches on soil fertility.
