

## Annual Flowers 2007

by Patricia Holloway, Judy Weber, Grant Matheke, Jan Hanscom, and Etta Gardiner

The annual flower trials are an evaluation of new and standard flower cultivars from commercial seed companies. We also display the All American Selections winners. Look for special 2008 AAS labels for the most recent winners. Seeds will be available in catalogs next season. Also look for a special labels on past AAS winners celebrating the 75th anniversary of the AAS program nationwide. Most of the annual flowers are grown as greenhouse bedding plants and transplanted into the garden beginning June 1. No endorsement of firms mentioned is intended nor is criticism implied of those not mentioned.
